

LOVE GOD.
LOVE PEOPLE.

SUPPORTED MISSIONARY SPOTLIGHT

SILOAM
HEALTH

Siloam Health shares the love of Christ by serving those in need with health care.

Many of Siloam's patients must decide between purchasing much-needed cold and flu medication or buying food for their family. Please help make that decision easier by stocking Siloam's pharmacy with seasonal over-the-counter medications that Siloam can give to their patients free of charge.

Please help Siloam's patients this cold and flu season by donating the following:

- Robitussin/Dimetap Cough Syrup (adult)
- Saline spray (non-Afrin)
- Nasocort or Flonase nasal spray
- Benadryl (or generic)
- Tylenol /Extra Strength Tylenol (adults & children's)
- Aleve (naproxen)
- Ibuprofen (adults & children's)
- Cough drops
- Plain Mucinex (guaifenesin)

Place your donations in the collection bins in the Foyer and Atrium.
